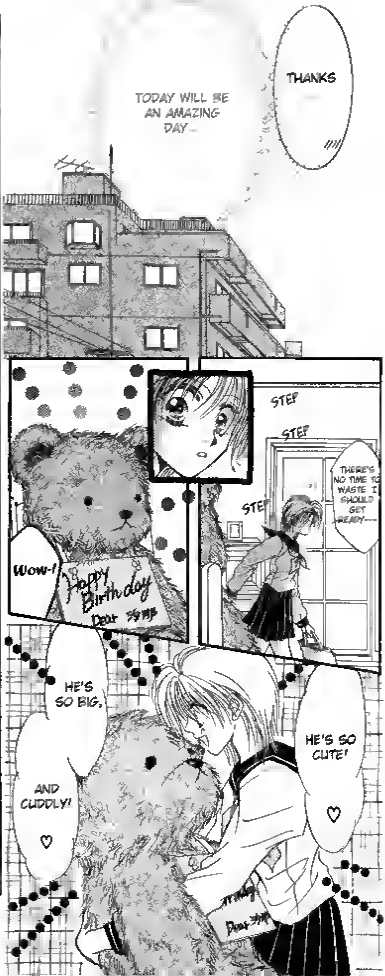
Mangaka's message.

Ummm...well this time around, I wanted to stick with a character who was easy to draw. And since short hair is pretty popular right now, I decided to go with a short haircut. Don't you think short hair possesses both an innocent and sexy atmosphere? !!thump thump!!

Now that I think about it, the character in this story has a birthday in one of the chapters, but I've never really thought too deep about stuff like that before. The story probably takes place during the Spring (I think...). I know some mangakas are really specific when it comes to the details. They even think about what their characters favorite foods are. Its not that I don't care enough about my characters, but I'm more the type to slowly discover my characters, layer by layer so I can never decide on one set quality. It's only in the end that I think "Oooh, this person was THIS type..." (laugh)



THIS FEELS SO GOOD...
LET'S TALK TONS TODAY.
LIKE ABOUT MY CHOICES FOR HIGH SCHOOL...
AND ALL THE STUFF THAT'S HAPPENED AT SCHOOL...
